CERULEAN DREAM

FEATURING

Nikki Benz

MIAMI, USA

1. What are your passions outside of adult entertainment?

I am passionate about travel; experiencing other cultures, indulging in their food, music, and even learning a little bit of their language is beyond enjoyable to me. I'm also into outdoor sports such as beach volleyball, hiking, and my love for scuba diving remains.

2. What is one thing you want to try, but haven't yet?

I've never jumped out of a plane. I'd love to go skydiving!

3. What is your biggest professional achievement so far?

Becoming Penthouse Pet of The Year in 2011 was a huge deal for me. Back in 2011 becoming Pet of The Year had a lot of perks. Thanks to Penthouse I had an amazing opportunity to travel the world representing their brand. It was the reason I am a certified scuba diver; they paid for my school, and I ended up scuba diving and filming underwater in Costa Rica for them. Such a beautiful experience! Beyond words. Being inducted into 2016 AVN Hall of Fame also felt rewarding. I'm very grateful to AVN.

> ***I like having creative control; it's humbling and rewarding.***

4. If tomorrow you woke up with a new quality, talent or ability, what would you like it to be?

I'd love to have a superpower of becoming invisible. :)

5. If you could go back in time, what would you want to change?

I would avoid shooting for a certain director with a certain actor for a certain company.

6. What do you like most about being able to produce your own content?

I like having creative control; it's humbling and rewarding.

7. If you could play a role in any movie, what character would you want to be?

I'm not sure… that's a tough one because there are so many movies which I love. Any badass, strong female lead would suffice. Maybe an Angelina Jolie film where she whoops ass & takes their names.

8. What future career plans do you have?

Keep producing my own content for my website, OF, and working with ManyVids!

Love Nikki?

HIGH-TIDE & HYPNOTIZED

FEATURING

CristiAnn

MIAMI, USA

1. What do you value the most when it comes to friendship?

A friend who is able to listen and is not completely full of themselves.

2. Tell us about your beloved pet!

I have a chubby, 8-year-old Miniature Dachshund named "Brown Dog"! He's the funniest, most loving dog I have ever known. He is my son. He's a quiet, intellectual, sweet boy. Every day, his goal is to seduce me with his dad bod to try and convince me to stay and nap in bed with him ALL DAY!

3. What's your most bizarre deal-breaker when it comes to dating?

The way a guy walks. If he walks with his toes pointing outward (duck feet) my little lady boner dies. Immediate friend zone.

4. What's the best gift you've ever received from someone?

My Cartier necklace.

> ***someone who isn't intimidated or insecure about me being a hot sexy vixen.***

5. If you could live anywhere in the world, where would it be?

In Hobbiton Village in New Zealand.

6. Who do you think knows you the best?

My best friend (since I was 12).

7. If you could pick one, would you rather have infinite money or infinite love?

Infinite money, of course! I will always love myself (so will my dog and Jesus).

8. What type of person are you attracted to?

Someone that's confident with who they are and grounded. Also, someone who isn't intimidated or insecure about me being a hot sexy vixen.

Roll like the tide over to her profile for more wet fun!

1. What's your secret superpower & what's your spirit animal?

My superpower is SMILES! I try to always log online with a heart full of love and a belly full of caffeine. And, my spirit animal is a bunny (of course)!

2. What is your ideal dream date?

My dreams don't involve dating (laughs), well it would depend on the "date." Is this the 1st date or like the 18th date? I love spending time with the person I'm "dating" so I guess a date that's not too FLUFFY... like honestly, less is more. LET'S CUDDLE!!! *brings pizza*.

> ***like honestly, less is more. LET'S JUST CUDDLE!!! *brings pizza*.***

3. What is one habit you're the proudest of breaking?

I have struggled with an eating disorder for most of my life, and I can honestly say it was not until my first year of camming and being "complimented" on my bones or gauntness that I was then able to realize what I was doing to myself. Being fetishized for being unhealthy was a wake-up call. It also created an openness with my fans that only brought us more together as a family, I'm so lucky!

4. What's the most enjoyable custom content you've ever produced?

Oooh, my most recent content. I'm getting better at editing, so it's super fun when a customer orders something I can dress up for and go all out on! My videos are becoming my artistic outlet lately and I can't wait to see what the future holds *insert devious face here*.

5. How has making custom content expanded your own sexuality and exploration?

At first, coming into this industry, I was naive just like any vanilla model to all of the fetishes and genres the sex industry lets you explore. From feet to cheese it's always fun to learn about new things for me. We are all a lovely bunch of weird individuals, and I LOVE IT!

I was so inspired by this aspect that I started a series on my YouTube channel “Secret Life of a Camgirl” where we dive into all of these kinks and fetishes and not only talk about the “what” but about the “why”. Needless to say, exploring your sexuality can also be educational and a ton of fun.

6. How did you get started in the industry?

It's a very long story I'll probably make a video on one day, but in short, I think I was always destined to be a part of this industry, and the more years I spend in it, the more passion and connection I feel towards it. I was 18. I was sick and tired of being a runway model while living up to other people's demands and expectations. So, I got the most random jobs. After spending six months (6 days a week) as a door girl at a strip club in New Jersey, I realized there was a hole in the sex industry that desperately needed to be filled. These athletes *pole dancers* I was with daily didn’t appreciate how amazing they were & the ones that did didn’t really use their success to build up the other girls and instead were cold and ruthless. After talking and bonding with many different women over those couple of months, I knew that this was an industry that I needed to join. This is where MY talents and compassion can make a real impact. From there, it was just a matter of time spent researching and finding my place to begin my journey. I was so inspired by this aspect that I started a series on my YouTube channel “Secret Life of a Camgirl” where we dove into all of these kinks and fetishes and not only talked about the “what” but about the “why.” Needless to say, exploring your sexuality can also be educational and a ton of fun.

> ***The value of the gifts that this industry has given me is truly priceless.***

7. How does being a sex worker affect your life positively?

It has positively affected my life in every way possible. I have grown so much as a person, as a woman. I can honestly say that I will never “work” a day in my life, I love everything about being a sex worker. It has given me the tools to grow and educate those around me. It has made me more self-aware and less self-involved. it has brought out the true colors of many people around me, therefore, helping me recognize the people who actually deserve my love, attention & respect. It has given me an outlet to express myself as a creator. The value of the gifts that this industry has given me is truly priceless.

8. What would be your ideal future for sex workers?

“Ideal” is an interesting word but I truly would love to see a world where “society” stops grouping sex and sex work with evil and criminals. JUST recently GOP congresswoman, Diane Black blamed the availability of pornography for the recent outbreaks of mass shootings in America. I hope that HER generation is the end of the bulk of this “fake news,” and our future leaders will be a bit more informed. Bills need to be rewritten. Protection Laws need to be implemented. And we as an industry need to unite and become more vocal.

Visit her beautiful retreat & indulge!

> ***Sexually, I'd like to explore a threesome, or switching partners with another couple.***

1. If you had to describe yourself to a complete stranger, what would you say?

I'm an awkward noodle, who can speak dinosaur & loves a good scare. I also get naked on the interwebz for a living.

2. What are some things that you'd like to explore?

Sexually, I'd like to explore a threesome or switching partners with another couple. I would also like to try domination in real life with a male sub. Not sexually, I'd like to explore backpacking & camming in Europe or Australia. Also, I love exploring the natural wonders of the world.

3. Which do you like more, going out or staying at home?

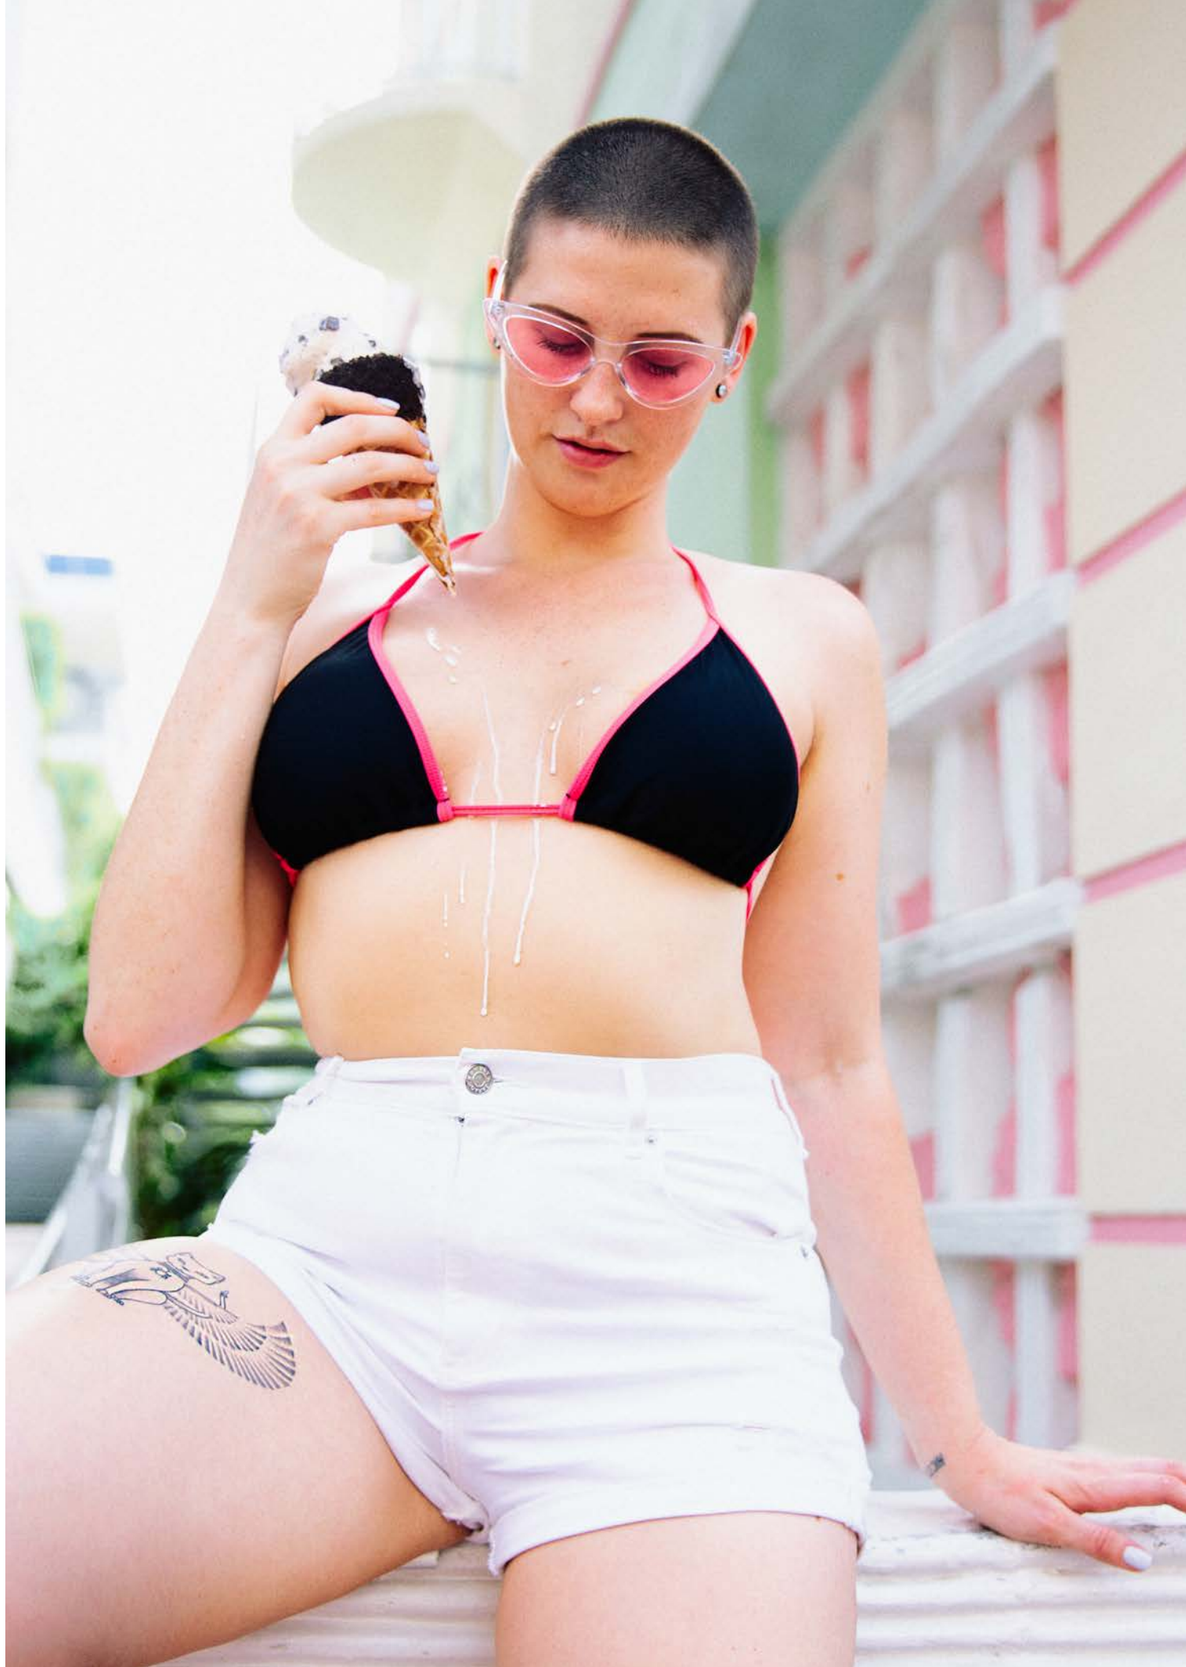
Staying home, but on the rare occasion going out can be fun.

4. What type of music do you listen to the most?

Techno, dubstep, and alternative rock.

5. What about yourself do you find the most pride in?

Perseverance & the booty.



6. What celebrity would you switch lives with?

Ruby Rose is such a badass and I would love to live her life for a day.

7. Do you have any pet peeves?

I dislike complaining trends such as “I hate Mondays,” etc. I feel like everything we do and say sets the tone of our lives & these mediocre complaints won’t have a positive impact on your life or anyone else’s experiences for that matter.

8. What thing or person has influenced you the most?

Good question. I don’t think just one thing or person has influenced me solely. I do very much so believe in self-development & reaching a “higher self.” I could narrow it down to Darren Hardy & Tony Robbins for various reasons & those pieces of valuable life advice have impacted me greatly. But overall, life hardships I believe have shaped me more than any information I have received, as these hardships have taught me never to give up.

1. What advice would you give to someone just starting out in the MV World?

For someone starting out in the MV World, you must know that content is key. Making connections with others like you and helping each other is the best part of this experience. Developing brands together and making art together.

2. Do you watch porn? If so, what categories are your favorite?

I watch a lot of porn. If I'm not surfing ManyVids, I'm searching "Threesomes" or "Hardcore." Some of my fantasies have been solely within these two categories :)

3. What steps are next for you in the adult industry?

My next step in the adult industry is to eventually have my own line of natural, seamless, comfy but sexy clothing. I also have ideas for another mini-series of XXX dance videos. I want to make things I would watch.

> ***"I want to make things I would watch."***

4. What do you like the most about working as an adult entertainer?

What I like most about working in the adult industry is the schedule. Making your hours makes it so much easier to create. The flexibility is nice, and I can make as much as I want to. I love meeting the other talent and cheaters as well. Everyone has their niche in this little world.

5. What are you the most grateful for in your life?

I'm most grateful for my health and family. Without those both, I wouldn't be here today. I needed the support from my family and acceptance to be who I am, and being in good health has helped me stay focused on other aspects of my life.

> *"I want to make things I would watch.*

6. Where do you like being touched the most?

I love being touched anywhere on my neck. If I feel a hand, a kiss, or a choke I am instantly wet and turned all the way on!

7. Are there any places you would love to travel to?

One day, I would love to visit Hawaii. I am aware that it's a common destination, but I have still never been and being from the Midwest, I have always felt the most comfortable near the sea. It's a truly sacred place.

8. What is your greatest accomplishment?

My most significant accomplishment would be my decision to become a female performer. I feel like that was the hardest decision, but through it, I learned so much about myself that I never had or would have never known. It helped me find out exactly what kind of person I am.

1. Tell us about your journey in the adult industry and how you got to where you are now.

I was told I wouldn't last three months & would never sell. Fast forward four years later, I'm now one of the top girls. My journey was and is still hard. I've gotten this far by trusting no one but myself, not feeding into negativity & never giving up.

2. In your experience so far, what are some of the highlights when it comes to being an adult performer?

Making money.

3. What are some of your personal goals?

Make more money.

4. What is your favorite and most treasured memory?

Making a lot of money.

5. What's the worst thing about dating?

Wasting time dating when you could be making money.

6. If you were able to see into the future, what would you tell yourself or want to know?

"Girl, you have no idea how much money you're gonna make - don't listen to them."

7. If you had unlimited money, what would you do with it?

Build a team, retire & make some more money sitting on my ass.

8. What is the craziest thing you've ever done with someone else?

Decide to make a porno.

EMBRACE YOURSELF. You can’t spend time caring what people think of you.

1. What is something people are often ashamed of that they shouldn’t be?

That’s a hard one to answer, I would say if for whatever reason you’re ashamed of who you are or how you look, whatever it is, EMBRACE YOURSELF. You can’t spend time caring what people think of you. Once you stop, you’ll be so much happier and successful because you’re doing YOU.

2. What is one thing that you were afraid to try but were happy once you did?

I wasn’t really afraid to do it. However, I did have concerns given I had never done it before - it was my First DP. I was like “how do I take something so big up my butt but also something so big in my vagina at the same time without tearing something or hurting myself ?”. I had several concerns for like months in advance. I always wanted to do it cause it looked so pleasurable to watch girls do it. The night before I honestly couldn’t wait to do it. I was so excited and went into it with confidence. I knew if I went in stressing I would in-fact hurt myself because of stress. I arrived at the set, and we just had fun. The guys I worked with were fantastic, and it was one of the most amazing feelings I have ever felt. I felt very accomplished and proud of myself for being unafraid of trying something new.

3. What makes a vid successful for you?

I would say what makes a video successful is the quality, time, and creativity that goes into one, and obviously how well it sells! ;)

4. What is your absolute favorite part about the adult industry?

My favorite part of the adult industry would be the FANS of course!!! Without them, there wouldn't be an industry. The love and support they bring help keep this industry alive. I get to work alongside awesome, beautiful people that are passionate about what they do, and I also love flexible hours and being my own boss. :)

5. Which one of your created vids are you most proud of?

Honestly, I had never created my own videos until I joined ManyVids. So each one you see on my profile, I did myself! I'm still learning to edit, but I will say coming from the side of the industry where people shoot you for their company all the time, it was new for me to shoot my stuff by myself. It was and is still an adjustment, but I can say I'm so happy I'm doing it and proud of myself for doing so!

6. What are your secret skills?

Hmmm, secret skills... when I get determined about something, I always achieve it.

> *I actually haven't done anything that I wouldn't do again.*

7. How do you spend your free time, and where do you like to go?

When I have free time (I don't have a lot of it), I try to spend quality time with my husband given that I travel a lot and sometimes he isn't able to come with me. I enjoy date/movie nights together, playing video games (PS4), going to Dave & Buster's, etc. I also love going to the dog park, I'm an animal lover so seeing all the cute pups is always fun!

8. What's the one thing you've done, but will never do again?

Business wise I will never count on someone who works for me to do things the way I would like them done. Sexually, I haven't done anything that I wouldn't do again.

Go on an adventure with her!
